QUALITY PLAN

Quality Guidelines:

- North Star Pipelines will be installing the underground utilities per plan, design and specification listed on the documents.
- Our work will adhere to all local, city and state jurisdictions.
- We will call Blue Stake prior to digging, and protect any utilities we encounter.
- We will maintain and protect our work area with the necessary safety precautions to insure a safe work area for our workers, subcontractors, and for the public.
- We will notify Customer of any discrepancies found on the plans, or in the field.
- Our work will be inspected, tested and approved by the local agency specified to do the inspections.
- Our work, production, and schedule will be closely managed by our highly qualified project team members.
- Team work, Communication, Service, Solutions and Satisfaction is what we strive towards as we work with our Customers.

Rod Schwalb

A handwritten signature in black ink that reads "Rod Schwalb". The signature is written in a cursive, flowing style with a long horizontal stroke at the end.

Director of Operations

North Star Pipelines, Inc.
